COMMERCIAL INTELLIGENCE

MONDAY EVENING, DEC. 6, 1880.

HAVING already noticed the latest Cotton news, there is little in Reuter's closing telegram from London of Saturday's date calling for special notice. Consols are unchanged at 99⅛, French Rentes at 119½. In Enfaced Rupee Paper Fours are unchanged at 81¼, but Fours-and-a-half are ¼ higher at 88⅜.

SEEDS and Wheat are unchanged with the one exception of Calcutta Linseed, which comes 3d. higher, to arrive. Coffee and Cocoanut-oil are unaltered.

The Bank of Bombay return for the week ending on Saturday shows the following changes :—

Public Deposits at H. O.	Inc.	Rs.	71,516
Do. do. Branches	Dec.	„	59,637
Other Deposits	Inc.	„	9,79,660
Government Securities	Inc.	„	7,18,532
Loans	Inc.	„	7,10,367
Bills Discounted	Dec.	„	5,90,109
Cash with Correspondents	Inc.	„	1,09,164
Cash and Currency Notes	Dec.	„	2,69,979

Notwithstanding the decrease in the cash balance, the return is decidedly in favour of easy money, the trade demand showing a material falling off. Exports are, no doubt, increasing, but as yet imports are in excess, and for some weeks yet the tendency will be to augment the bank cash balance.

EXCHANGE.—Bar Silver in London having declined 1-16d. per oz., and the advices from Calcutta being only quiet, there has been very little disposition on the part of sellers to do business to-day, and rates may be called 1 32d. per rupee easier all round. It may not be that any serious reaction is likely, but unless we have more bills offering it seems likely that we shall at least rule easy for a time. We call closing rates for ready bills :—

Bank Bills	on demand	.... 1s. 7¾d.	per rupee.
Do.	telegraphic	.... 1s. 7 23-32d.	„
Do.	3 months' sight.	1s. 7 27-32d.	„
Credits.	3 „	„ .. 1s. 8d.	„
Documents.	3 „	„ .. 1s. 8 1-32d.	„
Francs.	3 „	„ .. 2f. 11½c.	„

On Calcutta we still quote demand at 1-16 per cent. discount to par, 60 days' sight nominal.

GOVERNMENT PAPER has shown more firmness again, buyers having come out at Saturday's closing rates, and a considerable business has been done. Fours close at Rs. 99, Fours-and-a-half at Rs. 108, with more buyers than sellers.

SHARES.—The feeling generally has been very quiet, and the transactions reported limited. Bank shares are all unchanged, as also are Press Companies. Colaba Land shares are Rs. 10 higher at Rs. 835, and in Spinning and Weaving Companies we have only to notice an advance of Rs. 10 in Morarjee Gocu.dass.

COTTON has ruled very quiet, and we have scarcely heard of a single transaction of any importance. To begin with sellers were asking rather higher rates, but after Reuter's correction of the quotation for February-March Futures in Liverpool from 6 15-16d to 6 27-32d. easier figures would have been accepted. Buyers, however, seem confident of establishing their own level later on, and in the meantime decline to name anything like current figures.

LINSEED is dull at Rs. 6-12 for ready and Rs. 6-7 per cwt. for May delivery.

WHEAT is in request at Rs. 33 per candy for ready and Rs. 31-12 for April-May delivery of Soft White.

FREIGHTS show no quotable change, rates for Liverpool ranging from 36s. 3d. to 37s. 6d. for December shipment, but the s. s. Rydal Hall is reported to have been fixed for January shipment at 35s.

PIECE-GOODS are quiet, with only a very moderate business passing. In the bazaar the clearances are put at about 400 packages, but from first hands transactions are very small, the level of prices in Manchester being considerably above our currencies.

COALS are quiet but steady, with few, if any, changes in quotations. To arrive sellers seem inclined to do business.

Messrs C. MARCKS & COMPANY,

OF

BOMBAY and POONA,

HAVE the pleasure of announcing that Mr. A. MENIST, Oculist's Optician, of Amsterdam and London, has appointed them AGENTS for the sale of his celebrated PEBBLE SPECTACLES and EYE-GLASSES, BINOCULARS, &c.

Mr. MENIST makes his Frames of Gold and Silver only, which have been found to be the best metals for the purpose, his object being to obtain perfection as nearly as possible, without regard to cost. He does not use steel, for this metal rusts, and the joints become loose, altering the focus of the glasses, and so injuring the eyes ; neither is there any economy in it, for in this climate it corrodes so quickly that it must be often renewed, while Gold or Silver are practically everlasting, and Aluminium cannot be used, for it leaves an indelible mark on the skin wherever it comes in contact with it.

Mr. MENIST'S NON-PRESSURE EYE-GLASSES have a spring so made that it may be twisted in any direction without breaking, and they maintain their position when worn without any pressure or leaving any mark when removed.

His 12-lens "DUCHESSE" are all Achromatic and as powerful as Field Glasses.

His FIELD, MARINE, and OPERA GLASSES may be used for hours without causing the eyes to ache.

Mr. MENIST has left instruments with Messrs. C. MARCKS and Co. which enable them to test each eye separately, for it frequently happens that they differ more or less in power.

MESSRS. C. MARCKS and Co., for the convenience of clients who may not wish to purchase Mr. MENIST'S GLASSES, have also in stock some of their own manufacture, at lower prices, in Gold, Silver, and Steel frames, and though the quality of the pebbles is admittedly not equal to those of Mr. Menist, yet it is very good, and much superior to most of what is sold as the "finest Brazilian Pebbles."

Pamphlets may be had on application.

The Bombay Gazette

TUESDAY, DECEMBER 7, 1880.

THE entertainment proferred so spontaneously and so heartily by the public of Bombay to the 1st Grenadiers last evening marks the general opinion of the miserable spirit which sought to overwhelm with calumny brave men who had already been overwhelmed in the field on which they had left more than half their numbers. Had these men behaved badly, or even indifferently, in the hour of danger, Bombay would not have fêted them on their return. But courage is worthy of respect even when unfortunate, and it was the signal courage displayed by the 1st Grenadiers which the *élite* of the city joined in doing honour to last night. The facts are now beyond dispute. The regiment, after having stood a tremendous artillery fire for some four hours at Maiwand, withstood as long as it was physically possible a tremendous on-rush of the enemy : its fire mowed down the charging Ghazis in heaps, but that did not check those whom the snider bullets did not actually strike ; the regiment formed square and tried to stem the torrent ; the men were cut down in the ranks by the fanatics, who climbed over the square. Sheer weight of numbers forced the Grenadiers off the ground, but the fact that more than half their numbers died in the struggle, and that not a man of the rest threw away his arms, justified the declaration of the Commander-in-Chief last evening that though the regiment lost its colours, it had not lost its honour. It was very satisfactory to the Bombay public, and it will be very gratifying to the Bombay Army, that His Excellency the Governor took a prominent part in the welcome to the remnant of this gallant but unfortunate corps. Sir James Fergusson's speech, which will be read in another column, was cordial and sympathetic, and showed a soldierlike appreciation of the soldierlike qualities evinced by the Grenadiers on the dreadful day of Maiwand. As an old Crimean officer who knows what the realities of war are, perhaps the opinion of Sir James Fergusson on the behaviour of the Bombay troops on that fatal day is as much entitled to consideration as is that of the facile detractors who, knowing nothing of the vicissitudes of campaigning, find it easy to insult the unfortunate, and to prove that men who do not accomplish impossibilities must be "coolies in uniform." These glib slanders will now, no doubt, cease. The public have learned the truth about Maiwand and the real causes of the loss of the battle. The fault was not that of the troops. Bombay has expressed in the most emphatic manner its well-considered opinion on that point.

THE defeat of the Persian troops by the Sheik Obeidullah, involving the loss of several guns, makes the Kurdish invasion a very serious affair for the Government of the Shah, for it may easily lead to proffers of aid from the Russians, which it would be dangerous to refuse and ruin to accept. A part of the great province of Azerbaijan is thrust like a wedge between the Russian territory of trans-Caucasia and Turkish Kurdistan. Its extreme northerly point is close to Mount Ararat. The river Arras forms the northern frontier of Persia on that side, the frontier line between the province and Turkey being carried from north to south amongst the Kurdish hills. If the Kurdish leader were to achieve his avowed object of establishing the independence of the whole of Kurdistan, Turkish and Persian, it is obvious that Russian interests in the region between the Caspian and the Black Sea would be considerably affected, and it is certain that the Government of the Czar will watch the progress of events with great solicitude. Already some six thousand troops have arrived at Nakchivan, a city on the Azerbaijan frontier and on the main road from Erivan to Tabriz. The Turks are scarcely less concerned than the Persians at the unexpected turn of events in Kurdistan, and the Porte is devising, it is said, rigorous measures against the insurrectionists. It will be well if the Persians and the Turks between them can succeed in promptly suppressing the movement, and thus deprive Russia of any pretext for sending troops into Azerbaijan, where they would be very likely to stay on one pretext or another. Sheik Obeidullah is evidently a man of great capacity, and it is possible that he may play a high game with many chances in his favour. The mountaineers whom he appears to have succeeded in organising are as brave and warlike now as their ancestors were in the days of Xenophon. The Kurd is regarded as being the equal of the Turk and the Arab as an infantry soldier, and if it be true that Obeidullah has armed his men, or even any considerable number of them, with breech-loaders, they will be most formidable enemies in the difficult country where the fighting will take place. The defeat of the more disciplined Persian troops in the first encounters does not encourage the friends of Persia to look forward with much confidence to the result of future battles between the invaders and the forces of the Shah. When the more warlike Turks, trained in campaigns against Russia, come upon the scene, the Kurdish strength will, however, be more severely tested.

WE have now before us the report on the administration of the Bombay Salt Department for the official year 1879-80, that is, up to the 1st April last. The revenue collected during the year amounted to Rs. 1,55,32,627-13-3. It exceeds the amount of collection in the previous year by Rs. 21,498-14-4, and of the next previous year by Rs. 33,18,813, and the average collections of the five years concluded by Rs. 33,75,164-2. A remarkable fact is that out of the twelve sources of revenue there is a decrease in every heading but one, and that one—the most important of all—is sufficient to allow the working of the department to show a fair increase on the year's transactions. The "duty on salt for home and inland consumption" is clubbed with "minor miscellaneous receipts," and when contrasted with the previous year gives an increase of Rs. 5,19,873-7-11, which, although accurate, is misleading, as by para. 20 of the Collector's report we notice that the increase in the duty levied on salt for "home and inland consumption" amounts to Rs. 6,37,437-9-8 when taken by itself, from which we may infer that minor miscellaneous receipts have been considerably less than last year.

The increase is noticeable in the duty received on salt exported to Malwa, the N. W. and Central Provinces, Rajputana, and the Nizam's territory—in all Rs. 6,37,437-9-8. On the other hand, there is a deficit of close upon four lakhs, viz., on salt exported to Calcutta of Rs. 1,78,247 and British Malabar of Rs. 2,18,127. This is explained as having been caused in a great measure by the damage done by the destructive cyclone at the latter part of May, 1879. Enormous quantities of salt in process of manufacture or piled by the side of the pans were destroyed by this storm, which burst at a time when the usual measures adopted for protecting the heaps from injury by rain had not been taken. The result was a considerable enhancement in price, which continued until the prospects of a good crop in 1880 were assured. The abnormally low rates at which freight had been procurable during the two preceding years were no longer maintained, and in the case of British Malabar a further cause of diminished exports was the sale at very low rates, under the orders of the Government of Madras, of the accumulated stocks of monopoly salt in the Malabar and South Kanara districts.

The financial results of the last five years are tabulated with the following effect—viz., that the gross revenue of the department has increased from 113 lakhs in 1875-76 to over 155 lakhs in 1879-80. The revenue from salt has steadily improved during the same period by nearly 40 per cent., having risen from somewhat more than 104 lakhs in 1875-76 to over 145 lakhs in 1879-80. It is most satisfactory to notice that this large revenue is collected at the extremely low percentage of Rs. 6-8-1, which, although a shade more than last year, is nearly two per cent. less than previous years. The principal events in the history for the year of the Salt Revenue Department were the "destructive cyclone in May, 1879 ; the abolition of the Marwar section of the northern preventive frontier line and the measures adopted in Cutch and Kathiawar with a view to the withdrawal of the remaining 200 miles of the same line ; the suppression of the manufacture of earth-salt in the Native States of the Deccan and Southern Maratha country on payment of compensation ; the suppression of manufacture at seventy-five petty salt-works in the Ratnagiri district and the coming into force of the Commercial Treaty with Portugal."

The cyclone is most graphically described by Mr. Westbrook, the Port Officer at Karwar, who states that the casualties amongst native craft were numerous. We can quite imagine this when we are told that "the platform at the port office, where the signal guns are, has been washed away, and the small one-pounder gun was taken clean away into the sea by one huge wave, which threw one of the large twelve-pounder guns on its side." Another result of this storm was that the production of salt in the Southern Division was short by 23,57,898 Indian maunds of the amount brought to account in 1878-79 and a very high loss by wastage. There was a further reduction of the frontier line establishment, by the abolition of that section separating Palanpur from Marwar. Regarding the use of earth-salt we have expressed our views, and we need not here comment on the suppression of the manufacture of earth-salt in the Native States. We are told it was done by payment of compensation, the details of which are given. It is important to notice that through the good offices of Mr. Melvill, the Dewan, Sir T. Madhava Rao, has issued a notification prohibiting "the manufacture of salt by drying or boiling or by any other means, or the removal of any natural salt from Kadi, Baroda, and Sowsari." This will save revenue being lost by the illicit manufacture by lixiviation, which had gradually assumed serious proportions in the Gaekwar's dominions. The seventy-five salt-works in the Ratnagiri

French mail steamer Ava, from China, arrived.

THE Volunteer Fancy-dress Ball to-night will be *the* event of the season, whatever "Tandem" may say to the contrary. It has been decided to admit ladies and gentlemen in evening-dress, but the gentlemen who desire to appear in that most uncomfortable apparel must, as will be seen from a notice published elsewhere, pay extra for the privilege.

WE have been asked to state that H. E. the Governor intends, while in Bombay, to be at the Secretariat each day, as a rule, except Sunday, for the despatch of public business. The flag flying from the staff will indicate His Excellency's presence at the Secretariat.

The grand total of exports for the same period was Rs. 5,01,53,295 against Rs. 4,70,85,318 in October of last year.

It is stated that the bronze star to commemorate the march from Kabul to Kandahar will be manufactured from the Afghan guns captured at Sherpur and Mazra. The Viceroy has, a contemporary believes issued instructions for the removal to Calcutta of some of these guns.

A NOTICE in General Orders states that Her Majesty the Queen has been pleased to approve, on the recommendation of His Royal Highness the Field Marshal Commanding-in-Chief, of the grant of a silver medal for "distinguished conduct in the field," without annuity or gratuity, to Lance Corporal F. THERE seems to be some doubt as to the movements of the Rev. Luke Rivington. The London correspondent of the *Indian Church Gazette* was under the impression that he had left for India early last month. The *Church Times* announces that he will spend the winter at Cannes.

THE latest official weather and crops report for the North-West Provinces states that there was no rain during the week. The weather was cold. Rabi sowings are being pushed on, and the prospects of the crop are, on the whole, favourable. Food continues plentiful and cheap, and the markets well supplied. Prices have risen slightly in Rae Bareilly, but fallen in Fyzabad, Allahabad, Sitapur, and Jhansi. The general health, with the exception of slight fever in Bareilly, Gorakhpur, and Agra, and some cholera in Fyzabad, is good.

THE members of the Oxford mission arrived in Calcutta on Thursday. The *Indian Church Gazette* says the two Universities of Oxford and Cambridge are now prominently represented in the mission-field, and is sure that they will produce both men and money to meet whatever needs may arise in connection with the two great works with which their names are now so honourably associated. The Oxford mission will be located in Bow Bazaar in a house provided and furnished for them by the Bishop of Calcutta.

INFORMATION has been received by the Government of India regarding the subject matter of a complaint made by the captain of the s.s. Chinsura, who reported that on two occasions the light at Porebunder was invisible to a vessel passing close to it. An enquiry has been made into the matter, and it has been explained that it is not customary to exhibit the light of the light-house at Porebunder during the monsoon. The customs master had issued a notice to the boats frequenting that place that no light would be shown from the 25th June. It has been exhibited again since the 16th September last. The Rana of Porebunder has been warned of the danger that may arise from the withdrawal of the light, and informed that in stormy weather it is especially necessary. He has been requested to have the light in future exhibited every night throughout the year.

ALTHOUGH British India boasts of being an Empire, a distinct symbol or flag never seems to have been suggested, or at all events has never been adopted, to indicate the fact. At high and State ceremonies the Royal Standard floats above the representative of the Empress of India, but the arms charged thereon are those of the Queen of England. There might, no doubt, be some difficulty in surmising what may be the distinctive symbol of India, or how, when found, it is to be charged in combination with the English arms. Terry, in his book of travels, gives a representation of the "Standard of the Great Mogul," and there are blazoned thereon three golden lions passant on a red ground. Here there is some definite guidance. Appropriate arms might, for instance, be formed in this way; the three lions of the Great Mogul charged on a small shield laid upon and within, or as the technical expression goes, inescutcheoned, on the arms of Great Britain; the smaller shield also bearing the imperial crown. As we have an Indian Empire, it would, perhaps, be as well to complete the pageantry and glamour of the business.

THE want of a bridge over the Indus between Rohri and Sukkur is a great drawback to the Indus Valley Railway. The Lahore paper has heard that some impatient spirits among the Viceroy's followers were rather disposed to blame Mr. G. F. Matthew, the Traffic Superintendent of the Indus Valley line, for the great delay in ferrying His Excellency's State carriage from the Rohri to the Sukkur side of the Indus, and for the capsizing of another vehicle into the stream. They might just as well have blamed Mr. Matthew for the inconvenience of "the missing link" between the two banks. There is no more zealous and capable officer on the Indus Valley line than Mr. Matthew: and he was no more responsible for the occurrences referred to than was Lord Ripon himself. It is pleasant to know that one member at least of the Viceregal party had enough of fun in him to make the second incident the occasion for a mild joke. He suggested that some sly individual must have capsized the vehicle on purpose, in order to give the noble Marquis ocular demonstration of the use of a bridge at Sukkur.

BENGAL is just now suffering from a wide-spread epidemic fever, writes the *Amrita Bazaar Patrika*. "In the affected parts, and we do not know what part is not affected, it is a rare sight to see one healthy man. Men, women, and children are alike suffering. The percentage of deaths has not yet assumed gigantic proportions, but it is only the beginning of the cold season. The percentage will daily increase till the 20th or 25th of January. Of course there is neither medicine nor medical man and the quack is abroad with his arsenic and aconite. The paddy-fields remain uncut, extensive fields of tobacco remain uncared for, and date-trees remain untapped." The *Patrika* says, "the Government of Sir Ashley Eden ought to do its duty at this moment of national suffering," but the writer does not suggest what he considers ought to be done.

WITH reference to the Government order which has been issued allowing deserving non-commissioned officers of the Native Army to be employed in the Forest Department, the *Englishman* is of opinion that not one commanding officer in six will recommend his best men if the power is left in their hands, as it is at present, and thus the State loses the best servants, obtains the services of the more inefficient men, while good men are left without reward, because a commanding officer desires to retain the services of his well-conducted, smart non-commissioned officers. We all know that such a policy is short-sighted; at the same time we learn from experience that it is a system which commends itself to the majority of officers. In European regiments we have seen instances of men becoming slack in the performance of their duties in order to further their chance of being recommended for some work in which better pay and promotion was open to them; but in the majority of native regiments affairs are even worse, for men are taught to regard the request of such a favour as employment out of the regiment as gross disrespect to the commanding officer.

LIBEL AMONGST MISSIONARIES.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—As the Revd. Mr. M'Mordie's numerous European and native friends in Ahmedabad and Rajkot will be interested to know the result of the action for libel instituted by that gentleman in Ireland against the Revd. Mr. Gillespie, also a missionary of the Irish Presbyterian Mission in Guzerat and Kathiawar, will you therefore kindly republish the enclosed report of the case, taken from the *Irish Times*? One can readily understand and charitably accept an "apology" for a slander thoughtlessly spoken on the spur of the moment; but nine out of ten common-sense men will discard the sincerity of the plea set up by the defendant at the last moment, that a libel indicted in cool and sober senses was not intended to convey a grave breach of the ninth decalogue! However, it is to be hoped that the heavy bill of costs which the Revd. Mr. Gillespie has been saddled with will in future teach him not to meddle in matters which end in a muddle.

December 1. T. S.

"CURIOUS ACTION FOR LIBEL.

WILLIAM M'MORDIE AND ELIZABETH JANE M'MORDIE v. ROBERT GILLESPIE.

This case, an action for libel, in which the damages are laid at £5,000, excited considerable interest, the court being densely crowded. The plaintiff, Revd. Wm. M'Mordie, is a Presbyterian clergyman, and was an Indian missionary in connection with the General Assembly of the Presbyterian Church. The defendant is also a clergyman of the Presbyterian Church, and was also one of its Indian missionaries. The alleged libel was contained in a letter sent by the defendant to the Rev. W. Fleming Stevenson, of Rathgar, County Dublin, dated 9th July, 1875, and which was alleged to reflect on the wife of the plaintiff.

A special jury was sworn to try the case, when

Mr. A. M. Porter, Q.C., said—In this case I am happy to inform you that your lordship and the jury will be saved from the necessity of trying the case, an arrangement having been come to between the parties, and the terms of the consent which I hand in has been signed by both parties. The consent states that the defendant never charged Mrs. M'Mordie, the female plaintiff, with unchastity, and never intended so to do, and regrets very much that such a construction should be put on the communication complained of. There is a provision for a guarantee by a third party of the plaintiff's costs, and plaintiff undertakes to bring no action against any other person.

Mr. Hans M'Mordie—Who is the guarantee for the costs?

Mr. Porter—That is not necessary now to state.

Mr. W. D. Andrews—As the matter has been amicably arranged, we ask that nothing should appear in the newspapers save what has actually transpired in court. Any reference to the pleadings would be extremely undesirable to place before the public.

Mr. Justice Barry—I think the proper course is merely to state what has actually taken place in court.

The case, which was likely to become a great source of interest, thus terminated.

For plaintiffs—Messrs Porter, Q.C.; M'Laughlin, Q.C.; John M'Kane; and Robert Donnell instructed by Messrs H. H. and R. J. M'Mordie of Belfast.

For defendant—Messrs W. D. Andrews, Q.C.; Monroe, Q.C.; and David Ross (instructed by Mr. Wm. Carson, Belfast)."

PRINCE'S DOCK.—The s. s. Bengal entered the dock yesterday.

MOVEMENT OF TROOPS.—The details of native infantry which arrived here from Kurrachee per steamer Khandalla on the 5th instant will be despatched to their regiments to-morrow (8th instant.)

GAMBLERS.—Sorabjee Merwanjee and seven others were yesterday charged at the instance of Mr. Inspector Meehan, before Mr. Dosabhoy Framjee, with being found gaming in a common gaming-house at Sewree. They were convicted and fined Rs. 10 each.

CRUELTY TO ANIMALS.—The following is a summary of cases prosecuted by the agents of the S. P. C. A., during the week ending the 4th instant:—horses, 2 lame; bullocks, 8 lame, 13 sore necks, 1 sores on body, 2 emaciated, and 1 unshod. Total number of cases: 27 amount of fines, Rs. 10 each.

But nowhere from one from Allahabad catches it up before it gets to Pind Dadan Khan in spite of the 24 hours' start at Lahore. Another extraordinary matter is that about half-a-dozen times a month it takes three days for a letter to go from Lahore to Kathala, a station on the P. N. S. Railway, 108 miles by rail from Lahore! This may seem incredible, but we have ocular proof before us, in the shape of envelopes bearing the Lahore post-mark of the 27th and the Kathala mark of the 30th.

Charivari has a good cartoon this week representing the Viceroy asleep, and dreaming of an inundation of petitions. The petitioners are represented marching up His Lordship's legs and arms, climbing over his pillow, standing on his chest, and even flying about him *à la* mosquito; and above His Excellency sees himself in imagination in durbar at Lahore, surrounded by a number of native chiefs. The cartoon is entitled "Petition on the brain—a viceregal nightmare (dedicated, with many apologies, to His Excellency the Marquis of Ripon)."

ON the subject of the Press Commissionership the Lucknow *Express* writes:—It hardly requires the gift of prophecy, or even communion with occultism in any phenomenal form,—in short, one needn't be quite a Solomon to divine whence comes the onslaught that would fain stifle the Press Commissioner in his adolescence, or at least before attaining the years of mature manhood. Prior to the creation of this institution—the Press Commissionership—the Press of India occupied a curious and an anomalous position. It could hardly be regarded as a dignified one. Information which obviously should have become public property, and been available for dissemination to the Indian Press generally, or irrespective of class, creed, or political bias, was systematically bartered, procurable for a consideration—in a word, to be got at only through ways and means which the really reputable section of the Press disdained to follow or adopt. And thus it had nothing for it but to stand by and look on, powerless to check the corrupt cliqueism which, almost openly and day after day, defrauded the public—through its time-honored exponent, the Press—of information which, in fairness and sound policy, it should have had provided voluntarily, certainly without venal or dubiously official filtration.

... The Press Bureau has been emphatically a great gain to the Press, and therefore to the public. Whatever trifling *laches* it might have been called on to plead guilty to from time to time, and under exceptionally trying conditions, the institution has distinctly done its duty, and deserves well of the public and—the free Press. It is once more in the hands of its original director—an exceptionally accomplished gentleman; himself a distinguished *litterateur*; of political and professional repute wholly beyond suspicion; an unstained name before the world and in the sight of all men. Profoundly sensible as we are that the abolition of the Press Commissionership would be a measure very greatly to be deplored by all independent, honest thought in the country, we most earnestly and with the utmost deference beseech the Viceroy to set his face against this insidious, malign, sordid movement for its suppression to mark in an emphatic fashion his detestation of by-way influence, backstair pressure, and to uphold signally the supremacy of the principle of free thought and practical liberality in his administration; to pronounce the reign of "surprises" at an end; the inauguration of solid institutions a reality; free trade in public news a *fait accompli*. A free Press to the rescue!

THE *Bombay Review* is shocked at Sir Richard Temple's "impiety;"—The pious Sir Richard excels himself in claiming for his great exemplar, the author of the Zulu war—praise for "faithfulness, fidelity to every sort of human duty, to the sacred cause of religion, to the service of Almighty God." Though Sir Richard did not stop to explain that the God here meant was the sanguinary and pitiless Deity ignorantly though fervidly worshipped by the more ferocious of the Jewish tribes, Sir Bartle himself has supplied the missing link. It will be remembered he apologised for, if he did not altogether justify, the truculent and unscrupulous Boers, who attracted his sympathies because, in their encroachments and merciless attacks on the Zulus and other denizens of the lands the said Boers coveted, they appropriated to themselves the more destructive and sanguinary portions of the Hebrew Scriptures. As those records of cruel and vindictive clans justify slaughter and bless those who smote the Canaanites hip and thigh, so the Boers claimed to do God service, as well as themselves, in fleecing and slaying the Zulus, the Pondas, and Basutos; and Sir Bartle Frere, as we all know, gave his certificate in favour of these pious bibliolatrous buccaneers. As to Sir Richard's sanctimonius phrase, "the sacred cause of religion," as applied to Sir Bartle Frere's unscrupulous and murderous policy in South Africa, all that it merits is Hamlet's—"my gorge rises at it, Horatio." For those who consider that public engagements like those made in the Natal award by our own Commissioners are binding on honourable men—to say nothing about "the sacred cause of religion"—these precious phrases we have quoted read like the utterances of ostentatious impiety.

HIGH COURT.—DECEMBER 6.

(Before the Hon'ble Mr. Justice WEST.)

THE HONGKONG AND SHANGHAI BANK VS. THE MAZAGON MANUFACTURING COMPANY.

MR. JARDINE, instructed by Messrs. Hore, Conroy, and Brown, appeared for the plaintiffs; and Mr. Inverarity, instructed by Messrs. Macfarlane and Gilbert, for the defendants. Nursey Kessowjee had mortgaged to the plaintiffs 240 shares of the defendants' company to secure the repayment of moneys advanced to him by the plaintiffs from time to time. He was also indebted to the defendants, and according to the articles of association, they claimed a paramount lien in respect of the shares. The suit was brought to have the plaintiffs' right to the 240 shares declared by the court. The matter had subsequently been compromised by the plaintiffs receiving 135 and the defendants 105 of the shares. On the case being called on Mr. Inverarity applied for a decree by consent in terms of minutes signed by the respective counsel. A decree was made accordingly.

MOWJEE MADHOJEE VS. MOTICHUND NATHOO AND ANOTHER.

Mr. Jardine, for the plaintiff, applied for a decree for Rs. 3,112, with interest and costs, in terms of an award. The arbitrator having declared that the rate of interest should be fixed on application to the court at 9 per cent., some discussion ensued as to sending back the award to the arbitrator. Mr. Jardine said notice of the application had been given to the defendants, and the award had been filed in the Prothonotary's office, and no proceedings had been taken within the ten days allowed by law to have it set aside. The money was due to the plaintiff for work done and for services rendered in the building of a temple. One of the defendants appeared in person and left it to his Lordship to settle the rate of interest. A decree was given for plaintiff, in terms of the award for Rs. 3,112, with interest at 6 per cent. and costs.

CHARGE OF EXTORTION AGAINST JAIL EMPLOYES.

JAMSETJEE HORMUSJEE, Ardesir Lowjee Setna, and Ramjee Bhikajee were yesterday charged before Mr. C. P. Cooper, Chief Presidency Magistrate, with committing extortion by putting Tullukchand Taikchand, a convict of the jail, in fear of injury, and also with receiving stolen property, knowing it to be stolen.

Prisoner No. 1 has already undergone terms of imprisonment on several different occasions, and at the present time is under a sentence of seven years' rigorous imprisonment in the Common Jail, where, until this charge was instituted, he was employed to superintend a gang of prisoners. Prisoner No. 2 was released from jail six months ago after undergoing rigorous imprisonment, and was shortly after his release appointed a clerk in the jail establishment. Prisoner No. 3 is a sepoy in the same employ. Police Inspector Brewin (in charge of the case) stated to the Court that Mr. Cleveland had decided not to conduct the prosecution himself, as Mr. Hearn, Public Prosecutor, was expected to arrive in Bombay next week, and would himself take up the conduct of the case. Mr. Cleveland, by not appearing, desired to obviate the inconvenience arising from having to transfer it to other hands in the middle of the proceedings. His Worship was of opinion that the case must proceed nevertheless. Mr. Brewin then asked to be allowed to conduct the prosecution himself, and to make an opening statement, and he claimed to do this under sec. 129 of the Presidency Magistrate's Act. Mr. Dhunjeeshaw Mehta, who defended prisoner No. 2, contended that although such permission could be granted, he would still ask his Worship to consider Mr. Brewin's relation to the case before according that permission. Mr. Brewin was imbued with certain fixed notions in regard to the case which he would find it difficult to remove from his mind while he was stating it; and although he did not imply that Mr. Brewin's bias would prejudice his client with the Court, still it was undesirable that a person in the position of Mr. Brewin should be permitted to make a statement of the case. Besides, the learned counsel was not at all sure that Mr. Brewin would not stray from the proper limits of the case and avoid the importation of irrelevant matter into the investigation. It was also unnecessary to embarras the proceedings with an opening statement, which is seldom made before the magistrate except in special cases. The evidence of the witnesses would suffice to give an exposition of the case; and if any further information were wanted, Mr. Brewin could supplement it by himself putting questions to the witnesses.

His Worship, however, held that it was the practice in all intricate cases for the police to make such a statement to the Court, which, as it was not likely to prejudice Mr. Pherozshaw's client, he would allow Mr. Brewin to make. He would nevertheless examine the witnesses himself.

Mr. Brewin then made a short explanatory statement of the case, which was more fully repeated by the first witness.

Tullukchand Taikchand being examined, said.—I am a convict in H. M.'s Common Jail undergoing a sentence of six months' rigorous imprisonment and sentenced on the 10th September last for receiving stolen property. On the evening of that day I was taken from this Court to the Common Jail and handed over to the custody of a sepoy and a jemadar. I had with me at the time my clothing and a silver anklet. The anklet weighed from 15 to 16 tolahs. That evening my clothes were removed from my person, and the anklet remained on me until the following day. I was released in the morning and given to a sepoy. I was afterwards placed before the Doctor, and then taken to the hard labour yard. I was set to pick shot. I was made to work very hard that day. I was struck twice by prisoner No. 1 on my arm and leg. I was overworked and confused and hard worked. No. 1 said to me I had better make some way. I said, "very well, I will do it." No. 1 made me sit by the shot, and said, "if you give me Rs. 200, I will not give you hard work." I then said, "I cannot give you Rs. 200 for that I will give you Rs. 100." I then wrote a bhit for Rs. 100 and handed it to prisoner No. 1. This is the chit. It is in my handwriting and addressed to my Sett, Goma Kurma. I gave that letter to prisoner No 1. The next day Mukna Setta and Kundajee Hunmuntroo (my landlord) came to the jail between 7 and 8 in the morning. I saw them in the godown. I was called from the yard into the godown by prisoner No. 1. I told my partner and the landlord, who had come there, to pay the money to Ardesir (prisoner No. 2). Ardesir was there. There were also present one or two sepoys and prisoner No. 3. Prisoner No. 3 is a sepoy in the Common Jail. I said in the presence of and hearing of the three prisoners to my partner Mukna Setta and to Khundajee Hunmuntroo, "give the money to Ardesir." Khundajee paid Rs. 100 into the hands of Ardesir. Prisoner No. 1 said, "give it to me." I then told Khundajee to give prisoner No. 1 Rs. 5. Prisoner No. 1 said, "no, give me Rs. 10." Khundajee gave prisoner No. 1 Rs. 10. Khundajee also gave Rs. 2 to prisoner No. 3. He also gave four annas each to two police sepoys who were stationed there. After that I went back to the yard. There were ten notes of Rs. 10 each, which Khundajee gave to Ardesir. After I went back to the yard I was set to pick oakum. The shot drill was discontinued. After about fifteen days prisoner No. 1 said, "give us some money to distribute amongst the sepoys and others. The Rs. 100 which was given was given to the saheb." I said, "I will not give any more." The next day I was put in the walking gang and kept walking all day. Heeralal, the maccadam man who attends to the shot drill, said to me, "you have given so much money, you had better give a little more." I said, "if they want Rs. 10, I can get it for it." Heeralall said I had better give Rs. 35. I said, "I cannot give Rs. 35. I will give Rs. 25." I then wrote a letter and gave it to prisoner No. 1. Prisoner No. 1 gave Goma Kurma came and Baloo (a tailor) with him. I saw them in the godown. Prisoners Nos. 1 and 2 were present. Prisoner No. 1 took me to the godown. I told Goma Kurma to give Ardesir Rs. 35. After that prisoners Nos. 1 and 2 told me to give Re. 1 for the sepoys. Goma Kurma gave Re. 1. I do not know if prisoner No. 1 or No. 2 received it. About 20 or 25 days after this prisoner No. 1 said to me, "you have got an anklet; give it up to the saheb." I said, "I will not give it." I was again put in the walking gang and kept walking a day and a half. Prisoner No. 1 said, "give it up." I said, "I have already paid so much money. I will not give it up. If I give it up, you will ask for more." I said this to prisoner No. 1. After 4 or 5 days a *ghati* was brought into the office. This is the *ghati* (Ganya Succaram). I saw him in the office. Prisoner No. 1 took me to the office. The saheb, prisoner No. 1, the *ghati* and a Purbhoo clerk were present. A havildar was present also. This is the havildar, Mahomed Kassim Sheik Ali. There was no one else present. Afterwards prisoner No. 2 came there. The havildar and prisoner No. 1 said, "the man has come to see you." I was taken near the table. I saw the *ghati* near the table opposite me. The saheb then said that if I wanted to speak to him I could do so. The *ghati* then said that my father, mother, and brother were all well, and that a letter had been received. I then said to the saheb, "I have a bangle to make." To the saheb, "the anklet belonging to me I wish to be given to this *ghati*." Prisoner No. 2 then produced the warrant. Afterwards my anklet was taken out from a box by the saheb. The saheb asked me whether I wanted to give the anklet to the *ghati*. I said, "give it to the *ghati*, as he is my relative and friend." The saheb then said it may be worth Rs. 2 or Rs. 3. I said, "it is worth Rs. 13 or 14. Ardesir and the saheb obtained my signature in the book and on the warrant. The *ghati* was asked whether he could write and read, and said "no." The saheb wrote in the book. After that the saheb gave the anklet to the *ghati*. I was afterwards sent back to the yard. Immediately after I was taken to the office Ardesir came. I did not known the *ghati* before I saw him at the office. I do not know him at all. Afterwards on Dewali day, the saheb and prisoner No. 1 came to where the men were working. The saheb said I was appointed muccadum to look after the "gup-house" (sleeping room). Nothing took place after that. I see this chit. It is in my handwriting. I wrote it during the time I was in the jail. It was written two or three days before last Dewali. I gave it to prisoner No. 1. I wrote it, as I promised to give prisoner No. 1 Rs. 5. The letter is for Rs. 6. Re. 1 was for myself. Prisoner No. 1 never gave me Re. 1. I wrote two or three chits like this (exhibit C), and gave them to prisoner No. 1. Both letters (A and B) now shown to me are in my handwriting. I gave the letters to prisoner No. 1. After I wrote the first letter my Sett, Goma Kurma, did not come. The prisoner No. 1 said I should write a proper letter and then he might come. I then wrote the second letter (B). I have not seen the anklet since it was given to the *ghati*. I do not know what has become of it. I see this book (Judicial register no. 2, prisoner's private property). The first signature was put when I went to the jail, and the other signature I made when the anklet was given to the *ghati*. I took this warrant (1259 of 1880). This is my signature, which I made when the anklet was delivered up. I do not remember who handed the anklet to the *ghati*. I was sent to the yard at the time.

Cross-examined—Tullukchand was cross-examined at very considerable length by prisoner No. 1. Mr. Pherozshaw, with the permission of the Court, reserved his cross-examination till a later stage of the proceedings.

Mukna Setta (Marwarri), Tullukchand's partner, and Khundojee Hunmuntrao, were next examined, and gave corroborative evidence in regard to the several payments of moneys to the prisoners.

His Worship thereafter adjourned the further hearing of the case till to-morrow (this) forenoon.

The second prisoner also stands charged with having attempted suicide while he had been released on bail; and when Mr. Pherozshaw yesterday again applied for bail on his behalf, his Worship declined the application.

PENSIONS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—I shall feel extremely obliged if any one of your military readers would inform me through your columns if there are any G. O's. to entitle a person in the Civil Service to count his past military service towards pension, he having purchased his discharge from the latter to enter the former service.

A case of this kind, I am told, occurred the other day, the Secretary of State for India having sanctioned the past military service to count towards the pension of the now Civil Service pensioner; but he was not a gazetted officer.

CIVIL SERVICE.

THE BICYCLE.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—As I know what bicycle riding is between the hours mentioned in F. S.'s letter of to-day's issue, I doubt the statement made by him, viz., that 37½ miles can be accomplished in 2 hours and 18 minutes. I shall be glad to know if F. S. is willing to stake Rs. 100 that the same feat can be performed again at the same time of day, allowing the rider to start from any milestone near Bombay and turn when he has accomplished half the distance.

BOMBAY PORT TRUST.

EXCERPTS from the proceedings of a meeting of the Trustees of the Port of Bombay held on the 2nd instant.

Submitted report from the Consulting Engineer, dated 1st October, regarding the provision of a finishing press for cotton bales at Prince's Dock. Submitted Resident Engineer's letter thereon, dated 8th November. These having been circulated to the Trustees were not read. Read minutes of Trustees dated 11th and 29th November. Resolution.—The trustees consider that the provision of a finishing press for cotton bales is unnecessary at the present time.

Read letters from Messrs. W. and A. Graham and Co., agents "Anchor" and "Hall" Lines of steamers, applying for permanent berths at Prince's Dock, on behalf of each company, and also for certain other concessions. Submitted letter from Messrs. F. Bates and Co. on the same subject, dated 18th November. Resolution by the Dock Committee, dated 30th November. It was proposed by Mr. Kittredge that Rs. 6,000 in lieu of dock dues should be charged to each steamer. It was proposed, as an amendment, by Mr. Mathew that an aggregate sum of Rs. 13,000, being the amount proposed by the committee, be charged to both companies, and that it be left to the agents to decide how that amount should be divided between the two companies. The amendment was carried, and the other terms as recommended by the committee were agreed to. Letter from the Superintendent P. and O. Company, dated 22nd November, enquiring whether the Trustees will make any reduction in their charges on such goods as are brought from the P. and O. Company's steamers into dock by lighters. Read minute by Mr. Kittredge, in which the other members of the Dock Committee concur, to the effect that the Trustees cannot give the P. and O. Company lower dock rates than are charged to others. A reduction allowed to the P. and O. Company would therefore necessitate a revision of rates and the conversion of the dock into a boat-basin—a course to be deprecated. He thinks, therefore, that the P. and O. Company should be informed that the Trustees cannot make any reduction in their rates. Resolution.—The Trustees concur in the recommendation of the Dock Committee.

Read letter from the Superintendent, P. & O. Company, dated 11th November, requesting that additional shed space be set apart at Ballard Pier for cargo brought to and from steamers, and stating that the old Post Office and two sheds in front of it would be the most convenient place for them. He further states that, as he can assert that two-thirds of the entire goods landed at the Town Custom House are brought by the steamers of the P. and O. Company. Read report by Traffic Manager, dated 29th November. He states that the area of shed accommodation at the Town Customs Bunder, and that the P. and O. Company already occupy two-thirds of it, and that it will not be possible to give the P. and O. Company more accommodation without seriously inconveniencing other companies. Read minutes of members of Bunders Committee. Resolution.—The P. and O. Company should be informed that the Trustees are unable to allot to them additional shed-room at the Town Customs Bunder, and that it appears they already occupy two-thirds of the shed space available.

Read letter from the Traffic Manager, dated 25th November, submitting an application by Dharsee Nanjee to lease for 99 years the Sethji house, situate on the Apollo Bunder Estate at a rent of Re. 1 per square yard per annum for first twenty years and Re. 1½ per square yard per annum for remaining thirty years. Read minutes of members of Land Committee approving of lease being granted. Resolution.—Sanctioned.

Read letter from the Traffic Manager, dated 26th November, submitting an application by Moosajee Yullejee for a lease for 50 years of 253 7/9th square yards land on Mody Bay Imperial Estate at a rent of Re. 1 per square yard per annum for first ten years, Rs. 1½ per square yard per annum for next ten years, and Rs. 2 per square yard per annum for remaining thirty years. Read minutes of members of Land Committee approving of a lease being granted on the terms proposed. Resolution.—Sanctioned, subject to the approval of Government.

Read letter from the Traffic Manager, dated 30th November, forwarding an application by Mr. Cowasjee Cursetjee, contractor, for a lease of 396 square yards land on the Elphinstone Estate immediately to the west of the site that has already been granted to him. The rents offered for a 50 years' lease are for first ten years Re. 1 per square yard per annum, for next ten years Rs. 1½ per square yard per annum, and for remaining thirty years Rs. 2 per square yard per annum. Resolution.—Sanctioned.

Submitted the following bonds in name of Mr. Muncherjee Framjee Camia, to be issued in payment of his foreshore property at Sewree, taken possession of on the 2nd instant.

DR. J. COLLIS BROWNE'S CHLORODYNE

IS THE

ORIGINAL AND ONLY GENUINE.

DR. J. COLLIS BROWNE (late Army Medical Staff) discovered a remedy, to denote which he coined the word CHLORODYNE. Dr. Browne is the sole inventor, and it is therefore evident that, as he has never published the formula, anything else sold under the name CHLORODYNE must be a piracy.

Dr. J. COLLIS BROWNE'S CHLORODYNE.—All attempts at analysis have failed to discover its composition.

Dr. J. COLLIS BROWNE'S CHLORODYNE.—Vice-Chancellor Sir W. Page Wood stated publicly in Court that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the whole story of the defendant was deliberately untrue, and he regretted to say it had been sworn to.—See the *Times*, July 13, 1864.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effect and wonderful cures, while medical men extol its virtues most extensively, using it in great quantities in the following diseases:—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Whooping Cough, Cramp, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"CHLORODYNE is almost valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865), that in nearly every case I. Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from *Medical Times*, Jan. 12, 1866:—"CHLORODYNE is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place."

Extract from the General Board of Health, London, as to its efficacy in Cholera:—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

Overwhelming medical testimony accompanies each bottle.

IMPORTANT CAUTION.—The Immense sale of this remedy has given rise to many unscrupulous imitations.

N.B.—Every bottle of genuine CHLORODYNE bears on the Government stamp the name of the inventor,

DR. J. COLLIS BROWNE.

Sold in bottles, 1s. 1½d., 2s. 9d., 4s. 6d.

HEALTH, STRENGTH, AND ENERGY.
DR. LALOR'S PHOSPHODYNE.

TRADE MARK—PHOSPHODYNE.

DISCOVERED AND SO NAMED, A. D. 1862, BY R. D. LALOR, M. D.

DR. LALOR'S PHOSPHODYNE is a Pure Solution of PHOSPHORUS, in combination with the Vegetable Alkoloids Quinine, Cyprinodin, Xanthoxylin, &c., prepared by a Chemical process known only to DR. LALOR, producing a remarkably Elegant and Pleasant Tasted Preparation, equal to the best Wines, perfectly free from Strychnia and all other Dangerous Active Drugs; superseding the numerous objectionable forms of Phosphorus Pills, Pilules, Oils, and other Nauseous Mixtures with which the Market has been flooded since the Phosphoric Treatment of Disease was first made public by Dr. R. D. Lalor, in 1862.

To Residents in India, China, and the Colonies, it will prove invaluable as a Reliable Liver Tonic and a Vitalizing Restorative.

This Phosphatic combination, the Wonder of Modern Chemistry, is pronounced by the most eminent Members of the Medical profession to be unequalled for its power in regenerating and elaborating the Vitality of the body; by its supplying all the essential constituents of the BLOOD, BRAIN, and NURVE SUBSTANCE; and for developing all the Powers and Functions of the System to the highest degree; by its being agreeable to the palate, and innocent in its action, While retaining its wonderful properties, it acts as a Specific, surpassing all the known THERAPEUTIC AGENTS of the present age, for the SPEEDY and PERMANENT CURE of all derangements of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite, Indigestion and Liver Complaints, Flatulance, Nervous Fancies, Hypochondria, Nervous Debility in all its Stages, Loss of Memory, Softening of the Brain, Paralysis, Affections of the Kidneys, Bladder, Urinary Deposits, &c., Ague, Spasms, Asthma, Consumption, Chronic Bronchitis, Scrofula and Skin Diseases, Wasting or Withering of the Muscles, Impaired Nutrition, Impoverished Blood, Premature Decline, and all morbid Conditions of the System, dependent upon the deficiency of THE VITAL FORCES arising from whatever cause

DR. LALOR'S PHOSPHODYNE

Gives back to the Human structure in a suitable form the Phosphoric or Lively Animating element of life which has been wasted, and exerts an important influence directly on the Brain, Spinal, Marrow, and Nervous System, of a Nutritive Tonnic, and Invigorating character; thereby checking all wasting of the Vital Fluid, and the more Exhausting Processes of Life, thereby maintaining that Buoyant Energy of the Muscular System which renders the Mind Cheerful, Happy, Brilliant, and Energetic, entirely overcoming that Dull, Inactive and Sluggish Disposition which many persons experience in all their action.

CAUTION.—The Name DR. LALOR'S PHOSPHODYNE is blown in the Glass of each Bottle, and the Genuine Phosphodyne, London, England, engraved thereon by Order of Her Majesty's Honourable Commissioners. IF NOT, IT IS A FORGERY, and you have been imposed on by a worthless imitation.

IMPORTANT NOTICE.—Every Bottle bears the British Government Stamp, with the words DR. LALOR'S PHOSPHODYNE, London, England, engraved thereon by Order of Her Majesty's Honourable Commissioners. IF NOT, IT IS A FORGERY, and you have been imposed on by a worthless imitation.

PUBLIC NOTICE and WARNING to Medicine Vendors and the Public in Great Britain, India, China, and the Colonies.—DR. LALOR'S PHOSPHODYNE is the only Medicine bearing the name PHOSPHODYNE that has the Sanction of the British Government, and for which Her Majesty's Registrar of "Trade Marks" has granted Certificates to DR. LALOR ONLY. Therefore DR. LALOR'S is the only Legitimate and Genuine PHOSPHODYNE. BEWARE of Worthless Counterfeits that may emanate from Australia or America.

CAMPAIGN KEYLESS WATCHES.
FAVRE, LEUBA & CO.,
BOMBAY AND CALCUTTA.

In Open Crystal face cases...	...	...	Rs. 25	0 0
In Hunting cases	...	...	... "	30 0 0
In Half-Hunting cases	...	...	... "	35 0 0

Two years' guarantee. Sent post free to every Station in India.

MESSRS. FAVRE, LEUBA & Co beg to draw particular attention to the above watches, and confidently recommend them to every person who wants to buy a watch: CHEAP, STRONG, and GOOD.

These watches are of moderate size, in an extremely well-made and tight-shutting German Silver case.
The movement is protected inside by a glass dome.
The movement has a Patent Lever Escapement, built on the soundest scientific principles.
The watches are keyless, and the hands are set also through the keyless mechanism, so that there is no necessity of opening the watch.
The watches have a second hand.
The figures of the dial and the hands are left extra bold, so that the time can be seen instantly on a glance at the dial, and in nearly complete darkness.
The watch, as a whole, combines strength with all the conditions necessary to good time-keeping.
This watch has proved a complete success as a CAMPAIGN WATCH, and its usefulness is recognised by the daily increasing demand from all quarters of our Army in the field.
To Shikaries, Sportsmen, &c., these watches will prove to stand any amount of rough usage and handling.
We guarantee riding will not effect the working of these watches.
We dare confidently say that these watches, if treated with ordinary care, and cleaned once every two years, will give a 15 years' good service.
Every watch is fitted in a wooden case, in which will be found a spare glass, and a spare mainspring.
We receive now regular shipments of these watches by each mail, and every order can for the future be executed by return post.
Only watches that have been examined and timed are despatched on orders.

2 years' guarantee. Packing and postage free.

THE MOST USEFUL AND INTERESTING WEEKLY PAPER FOR ALL ENGLISHMEN ABROAD IS THE

PALL MALL BUDGET,
ESTABLISHED 1868.

PRICE SIXPENCE.

The PALL MALL BUDGET is a weekly collection of Original Articles, Occasional Notes, Essays and Reviews printed in the PALL MALL GAZETTE from day to day, and is published for the convenience of persons resident in the remoter districts of Great Britain and Ireland, on the Continent, in America, India, Australia, and other distant places.

The PALL MALL BUDGET is composed of FORTY PAGES, in size and appearance like those of the PALL MALL GAZETTE.

The PALL MALL BUDGET also contains a complete, concisely written SUMMARY of NEWS, and is at once a Weekly Newspaper and a compendious Review of the Politics and Literature of the Week.

A SPECIAL EDITION, printed on Thin Paper for the Foreign Post, is published on FRIDAY AFTERNOON.

The SUBSCRIPTION, including POSTAGE, for the FOREIGN EDITION, printed on thin paper, is:—

INDIA AND CHINA,	ALL OTHER PLACES INCLUDED IN THE POSTAL TREATY,
8s. 2d.	7s. 7d.
PER QUARTER.	PER QUARTER.

All Subscriptions are payable in advance. Cheques and P. O. Orders to be made payable to HENRY LESLIE, and crossed London and Westminster Bank, St. James'-square.

OFFICES: 2, NORTHUMBERLAND STREET, STRAND, LONDON, W.C.

THE PALL MALL GAZETTE is a London Evening Paper, price Twopence, which was established in the year 1865 as an independent Liberal Newspaper and Review, and as such soon acquired a reputation as one of the Leading Organs of opinion in England. That its original character was Liberal as well as independent is sufficiently marked by the following announcement, which from its first issue and down to the present time has been published by way of advertisement to describe the objects and character of the Paper, and which is of itself a sufficient reply to an idea which has obtained in some quarters that the PALL MALL GAZETTE owed its position and success to its later extravagant advocacy of Jingoism:—

"THE PALL MALL GAZETTE—which is conducted on Liberal principles—contains all the latest Law, Police, Telegraphic, Monetary, and General Intelligence up to the hour of going to press.

"The PALL MALL GAZETTE also contains many original articles on Political and Social subjects Reviews of Books, Criticisms upon the Theatre, the Opera, the Picture Exhibitions, &c., by independent and authoritative writers. The City Intelligence is made a great feature, and Foreign Correspondence appears in its pages."

Many improvements have recently been made in the contents of the Paper. It now contains an animated narrative of the Proceedings in Parliament, written by an eye-witness, a succinct and compressed summary of opinion from the Daily and Weekly Newspapers, and full Telegraphic Despatches from Special Correspondents at home and abroad.

In all respects the PALL MALL GAZETTE maintains its old traditions as an independent Liberal Journal.
